Our Products

Dwarika Gold Tiber Rice

Dwarika Gold Tiber Rice is a premium-quality rice offering a perfect balance of taste, texture, and nutrition. Carefully selected from the finest paddy fields, this rice is processed with advanced milling technology to ensure uniform grain size and purity.

Dwarika Gold Jeera Rice

Dwarika Gold Jeera Rice is a premium-quality rice variety known for its delicate aroma, soft texture, and superior taste. Sourced from the finest farms and processed with advanced milling techniques, it ensures purity and consistency in every grain.

Dwarka Gold Dubar Rice

Dwarka Gold Dubar Rice is a premium-quality, medium-grain rice known for its rich aroma, delectable taste, and soft texture. Carefully processed and aged for enhanced flavor, this rice variety is ideal for daily meals, offering a perfect balance between quality and affordability.

Production Capacity & Infrastructure

Mill Capacity

State-of-the-art facility with a production capacity of 300 tons per day, supporting large-scale supply.

Quality Assurance Systems

Multiple rounds of cleaning, grading, and stringent checks ensure purity, consistency, and superior quality.

Modern Processing Facilities

Equipped with advanced machinery for efficient milling, polishing, and packaging operations.

Sustainable Operations

Implementation of eco-friendly practices and optimized resource use to minimize waste and environmental impact.

Market Presence

State-of-the-art facility with a production capacity of 300 tons per day, supporting large-scale supply.

Value Proposition

Providing superior quality grains

Ensuring the highest standards in taste, texture, and purity.

Focus on sustainability

Promoting eco-friendly and ethical farming methods.

Delivering the finest rice varieties

Offering a wide range of premium rice for diverse culinary needs.

100% customer satisfaction

Dedicated to exceeding expectations with every grain we produce.

Why Choose Dwarika Rice Mills?

Reliable quality, advanced technology, sustainable sourcing, and a vast global network ensuring customer satisfaction.

End-to-End Rice Solutions

From direct procurement from farmers to advanced milling, packaging, and seamless logistics, we ensure a hassle-free supply chain.

Advanced Storage & Sustainability

Equipped with a dust control system for cleaner production environments.

Customer-Centric Approach

Our skilled workforce provides 24x7 monitoring to meet strict customer specifications and deliver consistent, high-quality rice worldwide.

State-of-the-Art Testing & Milling

Our advanced Fowler Westrup's silos guarantee superior milling, storage, and hygiene.

Our Process – From Farm to Your Plate

At Dwarika Rice Mill, we follow a meticulous process to ensure that every grain of rice meets the highest standards of quality, taste, and nutrition.

Sourcing the Best Paddy

We procure premium-quality paddy from trusted farmers who follow sustainable farming practices.

Careful Cleaning & Processing

The paddy undergoes multiple stages of cleaning, de-husking, and milling using advanced machinery to retain its natural aroma and texture.

Precision Sorting & Polishing

We use modern sorting and polishing techniques to achieve uniformity, ensuring that every grain is pure, refined, and free from impurities.

Quality Testing & Packaging

Every batch undergoes rigorous quality checks before being packed in hygienic, airtight packaging to preserve freshness until it reaches your kitchen.
